**VENUS harp models are NAMES not numbers (Ex. Classic, Pentti etc).** Please **DO NOT quote the No.74, No.75, No.76** - these are the generations of the action plate designs and have nothing to do with model or Harp ID's. All harps are tracked for warranty and other purpose via their Harp ID and then their model name. **The actual Harp ID is found on the very lower left hand corner of the action plate under all the other etched printing. It will be a 3 digit number for older harps and harps after late 1982 will begin the 4 digit series.**
